What's Happening at BASE

Thank you for your support!

February's book and food drives were a success because of your kind donations. All items will be delivered in the coming weeks to those in need.

Spring has sprung!

After months of dreary days, there are signs of life all around. Flowers and trees are blooming all over campus and soon, your students will be decking the walls with signs of Spring in the BASE room. Look for the beautiful flowers and baby animals that come to life through your student's art. In addition to Spring projects, our Kinders will go searching for gold coins and 1st-4th students will participate in a St. Patrick's Day themed STEM project. One of our food projects will be St. Patrick's Day pudding cups.

Our 5th-8th grade students are still working on individual and group projects that include recycling and reusing everyday materials. One of our students is building a structure just with cardboard, paint and hot glue.

Dates to Remember:

BASE OPEN 7am-6pm
April 15th-22nd, 2019
Spring Break

**LET'S
EXPLORE!**

Things to Know:

Spring Break is next month, but we are already planning a fun-filled week of activities for your kids. Arts and Crafts, an Egg Hunt, and a Spring Fling party are just a few things your students will do over break.

As always, we are a drop in program with an hourly rate and a maximum daily charge of \$35.00. We will provide two snacks per day, but please send your student with a lunch that needs neither heating nor refrigeration over break. Hope to see you!!

**LET'S
HAVE FUN!**
