

After School Enrichment Classes: 2022-2023

**Class schedule and capacity is subject to change depending on evolving health guidance.*

Class	Description	Day/Time	Dates	Cost
Acting w/ Rachel Songer <i>(grades 2-8)</i>	This fun acting class will channel the students' imaginations through improvisation, script analysis, and theatre games. We will start working toward the performance of a play in the winter session to be performed in May. Students must sign up for both sessions to be in the play, <i>Princess Who?</i> , a funny tale full of classic fairy tale characters. This play was canceled due to Covid in March 2020. We are thrilled to get to bring it back 3 years later. Email Rachel Songer to sign up: rachel@rachelsonger.com	Tuesdays 3:25-4:30	<u>Winter</u> Dec 6 - Feb 7	8 classes for \$80

Early Engineers w/ Dream Enrichment <i>(K-3)</i>	Early Engineers is a creative building program that helps students gain STEM vocabulary through a variety of weekly projects. We use Legos, K'nex, and even solar-powered building media to build a new project each week in class. That building project helps demonstrate a key term "word of the day" in more detail. Past weekly vocabulary words have been things like: velocity, force, beam, load path, etc. Students do not take their building projects home, but we send parents pictures from class each week so they can see what we were up to in class.
